

BOND STANDALONE TREATMENT

1:

1: Shampoo hair thoroughly with Überliss Bond Shampoo, towel dry.

2:

2: In an empty color applicator bottle, mix 1 part Bond Regenerator to 1 part water. Shake well. Thoroughly saturate hair from roots to ends. Once hair is saturated with the solution, apply a processing cap and let the solution penetrate for 20 minutes. For extremely compromised hair, you may apply the Bond Regenerator without mixing in water. (NO HEAT IS REQUIRED)

3:

3: Rinse thoroughly, and towel dry hair.

4:

4: Rinse, and style as usual.

For best results, client should follow up using the Überliss Bond Sustainer once a week for 10 minutes.
